3. Abom-15th

4. Ogwoje-16th

5. Bindagi-17th

6. Etikara-18th

People with serious cases will be sent to General hospital Dekina not far frm Bassa.

The project will last for a period of 14 days,frm 5th to 18th January, 9am to 4pm daily.Six personels will handle the project. A doctor,a nurse and a lab tech with 3 assistants...

There will be no shifts.All personels will be in d field from the begining to the end of the project.

3 persons will be coming frm Lagos and 3 frm Abuja.We will meet in Lokoja on the 3rd and Have a general meeting on the 4th and the project commences on the 5th. I ll be in Lokoja before the team to inform the communities distribute the schedule and have the people bring their urine sample in a clean container to the venue of the exercise.

Urinalysis,malaria tests,ramdom blood sugar, weight and blood pressure of the people will be checked.

The people will b in a single file,have their urine sample checked,tested for malaria,climb the weighing scale,have their Blood pressure checkd and eventually sent to the doctor with their results and he ll make the diagnoses and the person proceeds to the pharmacist/nurse for drugs.
